ITALY

Dear Friends

I fear that you might not have received my letters. The 1983 European Kendo Federation Championships will be held in France.

Please stop sending letters which suggest Italy for a venue - this will confuse everyone.

I know you must be disappointed not to be the hosts this year, but the decision to hold the taikai in France was made as the result of a great majority action by our fellow European members.

Please, once again, make another attempt to unify in Italy!

Yours sincerely

VICTOR HARRIS
President, European Kendo Federation
