

Lint, 5th of May 1984.

Dear kendōka,

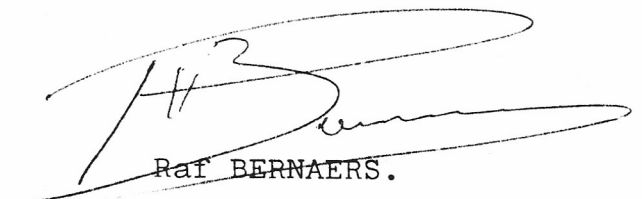

I'm going to use this unwanted opportunity to let you know some more details about the European Kendō Championships the third weekend of May.

First there is the definitive time schedule. On saturday the team championships will be held from 15.30 to 19.30. The individual championship will take place on sunday from 10.00 o'clock to 13.30. After a break until 15.00 o'clock the first Dan examination will be a good reason for as many as possible to attend the farwell party at 20.00 o'clock.

For the judges it is interesting to know that Mr Hirakawa proposes to wear a western style suit and a necktie. No colour is specified but in Belgium we usually put on a blue jacket with grey trousers.

And finally some general information: all anticipated countries are participating to the championships and about fifty people from nearly every country are going to attend the ensuing seminar.

Everything is ready here. We hope you are too!

  
Raf BERNAERS.
