copy to the affiliated members
of the E.K.F.

Khorsim, 1 March 1986

Dear Sirs,

The Israeli kendôka are proud to announce the raising of the ISRAELI KENDO ASSOCIATION (I.K.A.).

Although the kendô in Israel is at beginners' level, we like to be in good understanding with everybody who follows the 'Way of the Sword', as well teacher as student.

Consequently we argue on the assumption that co-operation with the European Kendô Federation will be very important for us. This is the reason the I.K.A. asks for affiliation within the European Kendô Federation.

Therefore we ask you to put on the agenda of the next General Assembly at London, april 1986 : the recognition of the Israeli Kendô Federation as provisional member.

We also would appreciate to receive also an invitation for the General Assembly of 1987 (Malmö ?). There we would like to plead a nomination as full affiliated member of the European Kendô Federation.

After your acknowledgment we will ask also the International Kendô Federation to recognize the Israeli Kendô Association as affiliated member of the I.K.F.

The next two years the secretary (co-signatory) of the I.K.A. will stay in Belgium because of professional duty. Of course this stay will be used also for further study of kendô.

We ask you therefore to send all communication to his temporary adress as mentioned below.

Yours faithfully,

Dave HUSKELL,
chairman.

Ruben CHASMAN,
secretary.
