Dear Mr Ducarme

We have recieved several letters concerning the AKNF delegation and invitations to referees. We would like you to specify how this should be handled and who is responsible.

We have six issues to be solved:

1. All correspondence from IKF/ANKF concerning the 8 EKC is addressed to you. We therefore assume that it is your responsibility to handle that correspondence. Although we get information copies we will not act unless you require it from us.
2. Concerning referees from AKNF we consider it the responsibility of EKF to invite them as referees or give notice to IKF/ANKF that Sweden is responsible for all matters concerning referees.
3. Concerning referees within EKF we consider it the responsibility of EKF to invite those who are qualified or supply Sweden with a list of referees.
4. We assume that EKF will handle all reservations for the AKNF delegation.
5. We want you to clarify who is the bearer of the costs for the ANKF delegation and invited referees from Europe.
6. We want you to clarify the responsibilitais concering the arrangement for the 8th EKC. This is to assure that nothing is left out in our planning. IKF/ANKF should also be informed of this.

Yours sincerely,

Kjell Söderström
