Dear Sir,

We have arrived home safely after our trip to Malmö. We all like to thank you very much for the very pleasant days we have spent in Sweden.

In our opinion you have done a wonderful job and we think, that the championships were a great success.

We shall have a hard time to match you on the field of efficiency for the organisation of the championships in 1989.

We hope you can send us some details about the Malmöchampionships so we can learn from your experience.

Thanking you again, we remain,

Yours very truly,

Hein Odinot.
