Gentlemen :

Re : The 8th European Kendo Championships

We should like, as belated it is, to congratulate you all the management of E.K.F. and S.K.F. on the tremendous success, as reported by Mr. H. Onuma, et al of A.N.K.F. Delegation, that was made possible only by your consorted administration and by the splended cooperation among all the officials and assistants concerned.

We also should like to offer our appreciation for your excellent assistance extended to our Delegation as well as for the warmest hospitality you folks provided our instructors with ; without those benefits, our delegation members could not have achieved their mission to your satisfaction.

I.K.F. Hq. and A.N.K.F. are now striving for a successful World Kendo Championship of 1988, and hope that E.K.F. Affiliate organizations will make a wonderful representation of European Kendoka.

Very sincerely yours,

I. Sato
