Dear Friends,

Hereby we send you the results of the yearly address inquiry held before the EKF General Assembly in April of this year.

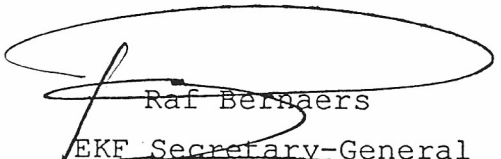

Many changes changes have been inserted in the list. So you'd better discard all old versions of the list, and use only this new one from now on.

As you know, the addresses are preceded by a code sign of which you'll find the explication in the legend on the next page.

The official EKF mailing list exists in Dutch, French and English, and on self-adhesive labels if necessary. If you can convince us of the positive use you intend to make of them, they will be sent by return mail.

If ever you find any mistakes among the following data, please inform me as soon as possible, in order to allow me to update the 1997 Newsletter.

Sincerely Yours

Raf Bernaers
EKF Secretary-General
