**Re: European Championship in Iaido**

Dear Sirs,

During almost three months of this year, the Swedish Budo Federation didn't receive any information concerning the European Championship in Iaido. The Federation even reminded the FFJDA about this matter, but no information was received until March 26.

Due to this late information, we are not able to establish our national team until the 5th of May. Consequently, we are able to file the registration immediately after that day and, of course on the same time pay all fees. If necessary, we can send payment in advance.

Referring to these circumstances, we ask for permission to delay our registration until the 6th of May. Please inform as soon as possible if this delay is accepted and if advance payment is needed. This information can be easily sent by fax to the SBF or to my office, +46-8-656 07 86.

Yours sincerely

Jan Malmstedt

President

Kendo Section

Swedish Budo Federation
