We would like to draw the attention of the non affiliated (as present condition) organisations which would like to take part in the Championships to the necessity of the affiliation according to the EKF regulations. Needless to say, for us organisers it is the utmost pleasure to support requests for affiliation at the EKF general assembly planned before the Championships, if those organisations ask for affiliation. So, we recommend those organisations to contact the EKF Secretariat about affiliation as soon as possible.

For the suspended organisations we would like to manage some way to help them being able to take part in Championships according to the EKF's previous letters which we got .

Sincerely yours,
