Subject: 10th WKC- Kyoto 1997, Tour Information

No. pages, including this one:

Dear Sir,

We have had big difficulties in communication with our federation since it is in reorganization, and unfortunately, some of the informations are missing, which seems to be including Your application-form for hotel & Sightseeing-tours. I am very sorry for this incident and would be very happy if it is still possible to receive an application-form.

We are 7 competitors, one manager, one coach and one delegationleader. Since the team can consist of maximum twelve + one manager, is it possible to make an accomodation for all of us to stay at same hotel as for the team members? We have also one accompanying person from Sweden and he wants to stay at one of Your cheaper hotels. We will arrive in Kyoto on 26th of March (our delegationleader will arrive already on 25th) and will stay until 31st morning. I would like to have further informations directly sent to me (due to our communication problems with our federation).

We are deeply sorry for troubling You with all this, hope to further cooperation!

Yours Sincerely,

Miyuki Nakamura
