Dear Sir,

I sent You a letter by fax with some questions, but since I haven't received any answer from You, I'm worried if You received my fax. Therefore, I will send You the letter once more by fax with this letter.

Since the deadline for the application for the admission tickets are very close, I would appreciate have Your answers if possible by tomorrow, to make it possible to send You a complete application before the 31st of January.

I am deeply sorry for making troubles for You, but hope for further cooperation.

Sincerely Yours,

*Miyuki Nakamura*
