Mr. Wolfgang Demski  
DJB Kendo  
1 Berlin 62  
Germany

Dear Mr. Demski,

Thank you very much for your kind letter. We are glad you appreciated the competitions.

During your stay we agreed that we would come to Germany next year for another match. And what you say about the Berlin-government makes Berlin even better as a place for the match.

We suggest october as time for the match. Spring seems occupied by other Kendo-activities, and in october we are in full practice again after the summer.

Please give my regards to all the other Kendokas in your team,

yours,
