Mr. Toratato Nakahara
Altadena
California
USA

Dear Sir,

In the end of december this year one of our Kendostudents, Anna Fugelstad, intend to go to USA for a six-months stay. As she, during the stay, would like to practise a little she has some questions that I wpuld be very glad if you kindly answered.

She will stay in Washington D.C. or New York.

Do you have the adresses to Kendo-clubs there; the leaders' names, when they practise etc.?

What practise-fees there are?

Also, is it possible to get "shinai" there, to borrow "bogu"?

This last question because she would like to bring only "keikogi" and "hakama" of her own as she will go by airplane.

I would appreciate if you answered as soon as possible to the questions above and if you let me know if there is something else I/we ought to know.

Yours Sincerely,
