Dear Johan,

I hope, you have had a good time in San Francisco. We heard something about the 2. world championship from our japanish teachers. Now we have two in Berlin.

The reason of this letter is to ask the swedish kendoka, if they want to play kendo with us at 20.10.1973 in Berlin. If you want, you may come with two teams (A + B). But that is not important. Important is to hear, if you will come surely. The swedish team and other persons, which belongs to you, are invited to stay in the families of my group in Berlin. I think, that is better for you and us to know more one another and you must only pay for your journey.

At 21.10.1973 (it es a sunday), I don't plane an official game, but we have a dojo to train together.

I hope you are able to say "Yes".

With best regards

Wolfgang Demski
