Thank you for the letter of May 21st.
The date 20-21 october is very good for us and we gladly accept
to come that date. Your arrangements for our logging we also appreciate.

Have I understood you right if you plan like this: An official
team-competition on Oct 20th and an unofficial game or just practise
on Oct 21st?

At this moment we can not say if we will come with one or two teams,
but in september we will give you notice in this matter.

See you!
