Dear Sir,

Thank you very much for your letter.
We think your proposal is very good and we gladly make it
subject for further discussion: How to solve the arrangement
financially. The exact date for the competition, so that
we can start with the preliminaries as soon as possible.
For how long you plan to stay in Sweden a.s.c..

Please give us your point of view on these and other
questions that can be of current interest.

Yours,

(Secretary of Kendosektion)
