Dear Mr. Knutsen,

June 1st I sent you a letter with about the same content as this. I do not know whether you received it or not.

The Swedish Budo Ass., Kendo Section, hopes, in the future to be able to supply Swedish Kendokas with Kendoequipment directly from a Japanese contractor to avoid dearer making middlemen's hands. Therefor we are looking for a suitable contractor. English Kendo seems to have good contact with the Japanese, so we wonder if you could recommend us a factory which we could get in contact with. Or, better, if you have a catalog to spare us, we would be very grateful.

We are trying on several hands and every proposition increases the chance to find what we are looking for.

Yours,
