

Kendosection
Bromma 25.11.71.

Mr. R M Knutsen
Brighton

It is always very good to get abroad to practise with other Kendokas than those one is usually practising with.

As we, at present, have no Sensei every opportunity is of great value even if it, as now, only became two days.

We are therefor very grateful as soon as opportunity to this is given.

When it, as now, also occurs connected with a Taikai the usefulness is even bigger, as we by natural reasons can not arrange own Taikai's in Sweden. These are our only opportunities to get competition-routine.

That then it was arranged under such pleasantsforms makes us still more grateful.

The Swedish Kendo team thanks everybody behind the arrangement very much.
