Dear Sir,

The Swedish Kendo Renmei has some questions that we would be very glad if you could help us with.

- 1) The Renmei is investigating the possibility of buying a copy for itself of the Kendofilm that was presented to European Kendo Renmei. As it is an excellent film the Renmei would like to have an own copy for showing in the clubs and on meetings and so on.  
What would the prize be if we bought one directly from Japan?
- 2) The Renmei also wants to subscribe to "Nihon Kendo Shim-bun" and/or "Nihon Budo".  
Which are the yearly subscription-rates and which are the addresses of the papers? Which of them do You recommend as the "best one" (from Kendo-view)?
- 3) We have a change in the chairman-position of the Renmei. Mr. Anders Markie has resigned as chairman. He has very much to do with his university-studies; he will soon graduate, and he wants to practise more Kendo instead of spending most his time in administration.  
His successor is Mrs. Solveig Malmkvist

Sweden

Yours,

Johan Appelberg
