SWEDEN

Dear Mr. Appelberg,

thank you very much for your kind letter from 26.1.1972. Please excuse me, my answer is late and my english bad. At 12<sup>th</sup> of february we have had in Berlin the first german shampionship. For this reason I had to wait with the answer.

Now I think so: We want to meat swedish Kendoka at 23. 9. and 24. 9.1972. We shall come with a crew of five fighters and ohne one ore two japanish judges.

At 23.9. we want to play against your crew and next day, if you like, an open tournament. I am sure, that also some other german Kendoka, who do not belong to our crew, will come with us and they (perhaps) wish also to play with swedish Kendoka.

The most of us are students, for this reason we shall be happy, if it is able to sleep in a Dojo.

Please, if it is able to meet swedish Kendoka, write to me, on which place of Sweden we may play with you.

Yours

*Wolfgang Demski*
