Dear Mr Apperberg,

Arrangements for the Third World Kendo Championships are well under way and we would like to ask you for the following information to assist in our planning :

- A) Your estimate of the total number of persons from your country who will be attending
- B) If any member of your Federation might be arriving in advance of April 13th and who might be willing to assist with final details of the organising.

We, on our part, will very soon be sending you advance estimates of the cost of the accommodation, subsistence, transportation and all other information.

Meanwhile may I take this opportunity to wish you and your members a very Happy Christmas and a Prosperous New Year.

With all kindest regards,

Yours sincerely,
The British Kendo Association

Victor Harris
