HOOGVLIET.
Holland.

Lidingö 3, the 14th Oktober 1966.
Sweden

Dear Sir,

As the chairman of the European Kendo Renmei I am glad to have contact with the Kendo Association of Holland.

I have forwarded Your letter to the secretary-general of the EKR, Mr Roald M. Knutsen, England, and he will give You every possible informations about our Renmei and the joining.

The Swedish Kendo Association is a member of the National Sport Federation of Sweden tought membership in the Swedish Judo Association.

We have no problems with the holding of judo, kendo, aikido and karate together under the same head - the Swedish Judo Ass. - there those budō-forms are self-evident sections.

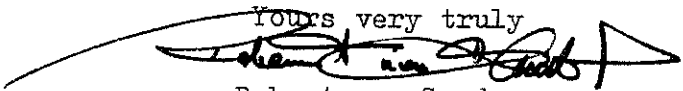

As the swedish budō - people (and the officers of the different sections) have a strict idealistically attitude without commercial or "political" interests in theirs budō, is the collaboration between the different budō very good.

Depending on this fact we, the Swedish Kendo Ass. use the SJA regulations in applicable parts and we complete those with the Statute of the European Kendo Renmei.

So I think You have not use for our Statutes, but more use for the Statutes of the British Kendo Renmei. Mr Knutsen will send You a copy of this together with the informations about the EKR.

Please give my best regards to Your President, Mr.S. Morioka and my delight at his work for the evolution of kendo in Holland.

Yours very truly

Robert von Sandor
Chairman of the EKR and President of
スウェーデン・インド・レンナイ
