Re: European championship 1998 or 1999

Dear Mr Bernaers,

The Kendo section of the Swedish Budo Federation is by the moment considering appliance for arranging the European Championship, combined with training camp, in iaido in 1998 or 1999.

The greatest expense seems to be the travel fare for the senseis. I have been told that the EKF or IKF will contribute to the fares. I am grateful for information on this point, as well as other experiences concerning arranging EC.

Our Iaido Committee is meeting Friday this week, so if possible send information by fax before Friday.

Yours sincerely

Jan Malmstedt
 President
