

## IAIDO — JODO

# Zen Kobudo Centrum

in Stockholm will arrange a training seminar with Ishido Sensei on May 22–23, 1993.

### Sensei Ishido Shizufumi

Iaido: 7 dan Kyoshi

Jodo: 7 dan Kyoshi

Kendo: 7 dan Kyoshi

Ishido Sensei has established very strong ties with Europe due to his regular visits to England and Holland, which culminate every summer in Europe's greatest Iaido/Jodo seminar with far more than 100 participants. These frequent visits to different western countries and the experience gained from his two European dojos have enabled Ishido Sensei to become thoroughly familiar with our western pedagogical requirements, and consequently his instruction embraces—in addition to traditional training—in-depth explanations and detailed background information.

We at Zen Kobudo Centrum have the pleasure in announcing that we are planning for a seminar with Ishido Sensei in Stockholm on May 22–23.

We also intend to arrange a preparatory seminar on May 17–20.

All those in the Scandinavian countries who are interested in Iaido and Jodo are welcome to participate in these events.
