This includes enrolment in more than one category and Lunch on Sunday

Accommodation: in the Youth Hostel in bedrooms with 4 or 6 beds, SFr. 25.-- per person and per night.

Dear Kendoka,

On 2nd and 3rd May 1992 we will organise the 11th International Tournament "Züri-Cup" and we would be very glad if you would participate. Please let us know before the end of February if your club will participate and with approximately how many people. The definite enrolment should be made with the enclosed form before 10th April, 1992. The full programme and other information will be sent upon receipt of the enrolment form. (Please, keep to the above date as the list of contestants will be printed on the programme.)

Last year's tournament saw a record number of 160 participants from 14 countries. Thanks to the co-operation of the participants and referees concerned everything went smoothly. I wish to thank you very much indeed.

Such a big tournament requires a lot of time to organise and a large amount of money to finance. As you surely know from experience not as much money flows into KENDO as for other sports. For this reason we have had to make the hard decision to hold the "Züri-Cup" only every other year, in order to maintain the high standard of the tournament. Thank you for your understanding.

Yours sincerely, Gery Tscherter
